NEW ADVERTISEMENTS.—The attention of our readers is specially directed to the following advertisements, which appear for the first time in our paper to-day.

Advertiser's Notice—J. C. Fenniken.

Bank Report—J. C. Fenniken.

TWO MONTHS FOR NOTICES—LOOK AT OUR—We have received the *American Agriculturist* for October. We wish that all our friends could see this paper. We know of no way in which so large an amount of truly valuable, interesting, and instructive reading matter could be given to a family at so small a price as that to subscribers to the *Agriculturist*. Each number contains 32 to 40 large quarto pages, and 30 to 50 fine engravings, many of them very costly and beautiful. Here is this October number, we find, in addition to the great amount of valuable information, hints, suggestions, etc., more than 30 engravings, several of which are among the most expensive ever found in an illustrated Journal. This number is of itself really worth a year's subscription. The cost of the *American Agriculturist* is only \$1.50 for a year, in advance, or four copies for \$5. The publishers offer that valuable journal free for the remaining two months of this year to all new subscribers for 1867, (Vol. 27,) who send in their subscription during this month of October. We advise all our readers to inquire on these terms. It will be sure to benefit all fathers and mothers, and interest and instruct the children. Subscriptions should be sent to the publishers, Orange Judd & Co., 245 Broadway, New York City.

We will send a copy of the *Agriculturist*, undoubtedly the best journal of the kind published in the country, to any one of our friends for *fourteen months*, if they first send us the names of three new subscribers for one year with money in advance. This proposition open for the month only.—Ed. Rufus.

EVANS SAYS his goods and pieces will bear inspection and extends the broad invitation to everybody to come and examine them. Come one, come all.

STOCKHOLDERS' TAX NOTICE.—There will be an election held on the 1st, Tuesday of November next, at the office of A. A. Parman in Waynesburg, to elect five managers and one President of the Waynesburg turnpike co. for said road for the ensuing year.

By order of the President,

A. A. PARMAN, Secy.

BEAUTIFUL—The fashionable Cloaks at Evans.

A New assortment of Fancy Soaps, Hair Oil and Perfumery at G. W. Roberts & Co's Drug Store.

BOMBER EXPLOSION AT CAMDEN—The Moundville *National* of the 10th, last, says one of the boilers attached to the keg and stave factory of Messrs. C. H. Bender & Co., at Camden, exploded last Friday at 11 o'clock a.m. At this time of the explosion, about thirty men and boys were engaged at work, but very fortunately only three were injured. The engineer, Mr. Spears, was severely scalded about face and body. An old citizen, Mr. Willard, and grand child, were sitting in the engine room at the time. Mr. Willard is badly scalded, and, as broken; the child severely scalded and cut about the head. Both boilers were carried some distance through the front of the engine room, making a complete wreck of it, and tearing an immense hole in the bow of the smoke stack. The loss will be severely felt here as a large number will be thrown out of employment.

Paints and Oil of all kinds, for sale at G. W. Roberts & Co's Drug Store.

MAGNIFICENT—Evans Stock of Ladies Goods.

A GENTLEMAN of great medical knowledge says that a new, gentle, wholesome and effectual tonic and appetizer than Dr. Drake's Celebrated Plantation Bitters was never discovered. He recommends it for Dyspepsia, for Liver Complaint, for Exhaustion, Weakness, for a want of Appetite, and for Mental Depression. It is an agreeable stimulant, and is equally adapted to young and old. Persons of sedentary habits, clergymen, lawyers, merchants, and delicate females are particularly benefited by its use.

MAGNOLIA WATER.—A delightful toilet article—superior to Cologne and at half the price.

ALWAYS FRESH—Evans is just opening the fullest and best assort'd stock of Fall and Winter goods ever brought to this market.

Robertson's Liquid Dentifrice for cleansing and preserving the teeth for sale at G. W. Roberts & Co's Drug Store.

A STRANGE AFFAIR.—At twelve o'clock, one summer day, a handsome man, in fine array, was seen to be in great dismay—

His eyes wildly rolled

He strode around in deep despair,

And savagely he tore his hair,

And smote his brow, all lined with care,

With hands so damp and cold;

What was his grief? List to his tale!

Last week in a tremendous gale,

They all were blown away.

He stormed in vain at the blustering thief,

And mourned his loss with direst grief,

Till a good friend came to his relief.

• And took him in a "one-horse-shay"

right up to James Guiter's Dry Goods and Furnishing Store where his loss was soon made good; since which time this individual has been enjoying his *suum cuique dignitatem*.

SALE DEFERRED.—The sale of the "Eagle Foundry," (Owen's) was postponed from former day of sale to Saturday next.

WASHINGTON COUNTY FAIR—The Washington County Agricultural Society held their annual exhibition on the fair grounds at Washington, on Wednesday, Thursday and Friday of last week. The attendance is said to have been unusually large, and the exhibition a very fine one.

10 bags new White Lead just received at G. W. Roberts & Co's Drug Store.

CHEAP.—All sorts of goods at Evans.

MAN STAMEN.—A dispatch from Uniontown, dated the 9th, informs us that the election passed off quietly, no special interest being taken in it by any one to secure a large vote, and it will be very small. At McCollumtown, the day did not pass so quietly. One or two stirring affairs occurred. The first was of an insignificant character, but the second serious. A man named Hill House, stabed and cut another by the name of Vincent quite seriously. He stabbed him several times in the back, but the only dangerous cut was on the side of the neck and the throat. It is thought to-day that Vincent will recover. This quarrel was about politics.

Window Glass of every size, for sale at G. W. Roberts & Co's Drug Store.

GRAND.—Ladies Shawls at Evans.

ON A SUMMER.—The evil diggers of the "bank" below town were on a strike last week for three cents per bushel, and a half being the price paid for mining. We know nothing of their grievances, or whether the parties have arranged it amicably. It has had the tendency to raise the price of coal.

The equinoctial storm began on Wednesday last and we have been having alternate rain and sunny weather ever since.

DISTINGUISHED ARRIVAL.—Evans' New Goods have just come from Philadelphia, and are meeting a most hearty reception.

Genius can beat them all selling Goods!

CARNEGIE'S FAIR.—The annual exhibition of the Greene County Agricultural Society was held on their grounds at Carnegie, Thursday and Friday, of last week. The display the first day, we understand, was not so profuse but very creditable indeed. The second day there was a large attendance. The lower end of our county was fully represented by boy labor and beauty. The weather was somewhat unfavorable and little showers made it rather unpleasant. Notwithstanding, cattle, etc., were exhibited the day before, the display of *cattle* was exceedingly *keen* and, indeed, the extensive variety of stock which was on exhibition afforded a real test to the eyes of the admirers of the beautiful in the works of nature and art! The date of the weather and the play of the elements were favorable to this part of the exhibition. In the horse line—although nothing very fast was entered, yet of stock for general purposes, the exhibition was very fair. The mechanical department presented a good appearance, the collection of machinery, farming implements, wagons, carriages, etc., was certainly good. Passing mostly through Florida and Domestic Hall, which were combined in one, we noticed glassware, flowers, fruit, vegetables, grain, etc., together with some excellent wares, (we didn't taste) specimens of wine, jellies, preserved fruits, cakes, bread, etc., shorts, almost everything imaginable calculated to please the eye and tempt the appetite. As we passed on through the domestic department we noticed that the ladies had not been idle lookers in the getting up of this fine display. There were on exhibition some of the finest specimens of quilting, knitting, crocheting—infact, almost every variety of fancy needle work which is capable of finding its existence—so that it has been our pleasure to see any where. It has not been our fortune to stand this Fair for some years past, but judging from the exhibition this year we do not think the Society has in any manner retrograded.

The "National Bank" of Carnegie, was present and rendered excellent service.

NOTICES.—At Evans: in great variety and cheaper than the cheapest.
